- Clinically tested

SAL
29

PERFECT LIPS

ENHANCES SHAPE AND CONTOUR OF THE LIPS

SAL 29 PERFECT LIPS is the result of scientific research carried out on the female lips.

PAL-GHK, the active substance contained in SAL 29 PERFECT LIPS, has undergone numerous clinical studies, which have shown that it produces a significant increase in lip volume effect and it improves hydration.

How to use:

Apply 3 times a day after cleaning lips of all make-up. After application, you will feel a pleasant warm sensation.

Recommendations for use:

SAL 29 PERFECT LIPS is an excellent make-up base. To obtain appreciable results, continued use for 1 month is recommended. The effect lasts for two months after treatment is discontinued. In order to consolidate the results obtained, SAL 29 PERFECT LIPS may be used every day continuously, and without fear of undesirable side effects.

Hypoallergenic. Outstanding tolerability.

Precautions:

Keep out of the reach of children. Interrupt treatment if irritation occurs.
